

FERTILE
GROUND

Could you be one of our new trustees?

We're recruiting new trustees to help shape the future of Fertile Ground.

Fertile Ground is the North East of England's touring dance company dedicated to the professional development of emerging dance artists. We are excited for our future and our vision is to help make the North East of England *the* place to dance.

We are dedicated to talent development and retention. We nurture, challenge and inspire new generations of dance artists, developing and presenting inspirational and accessible dance for the people of the North East and beyond.

Established in 2003, Fertile Ground grew out of Dora Frankel Dance CIC (DFD). In 2018 the company acquired charitable status. Our current Artistic Director is Renaud Wiser.

“ We believe that everybody should have the opportunity to experience dance and pursue a career in dance regardless of their socio-economic background or the place where they live.

We value creativity, commitment, respect and the opportunity for everyone to realise their dreams and potential.

We promise to support young people, with our full commitment, to pursue their aspirations and dreams in dance and to work relentlessly and passionately to inspire people to unleash their creativity.”

Renaud Wiser, Artistic Director

What We're Looking For?

We're looking for friendly, curious and committed people to join our Board of Trustees and support the continued growth of Fertile Ground and the vision of our Artistic Director.

We want our board to reflect the people and communities we work with. That means welcoming a broad range of lived experiences, skills, perspectives and ways of thinking. Diversity and inclusion are central to our values, and we know that a board made up of people from different backgrounds helps us stay resilient, relevant and ambitious in everything we do.

You don't need to have previous trustee experience to apply. While experience in any of the areas below would be valuable, we warmly encourage expressions of interest from anyone who feels their personal or professional experience could contribute to the ongoing success of Fertile Ground.

We are particularly interested in hearing from people with experience in:

- **Dance, in any discipline**
- **Knowledge of local and regional cultural strategies**
- **Marketing and communications**
- **Working with schools and other educational settings**

If you care about dance, creativity and supporting artists and young people to thrive, we'd love to hear from you. We are especially interested in hearing from Fertile Ground Alumni.
